

COMENIUS PROJECT
2011-2012

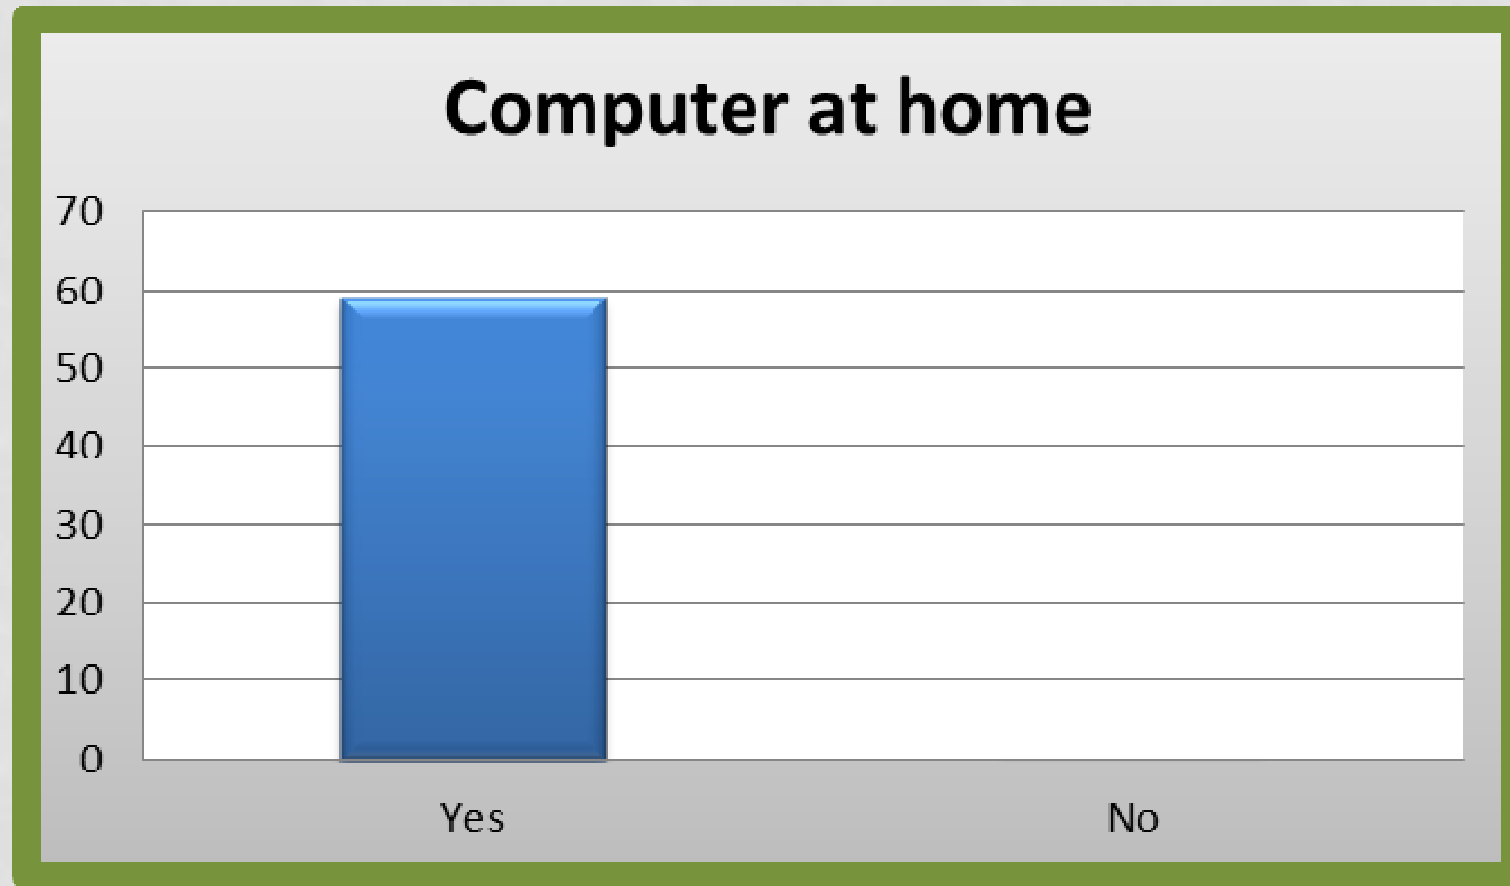

STUDENT'S KNOWLEDGE OF ICT

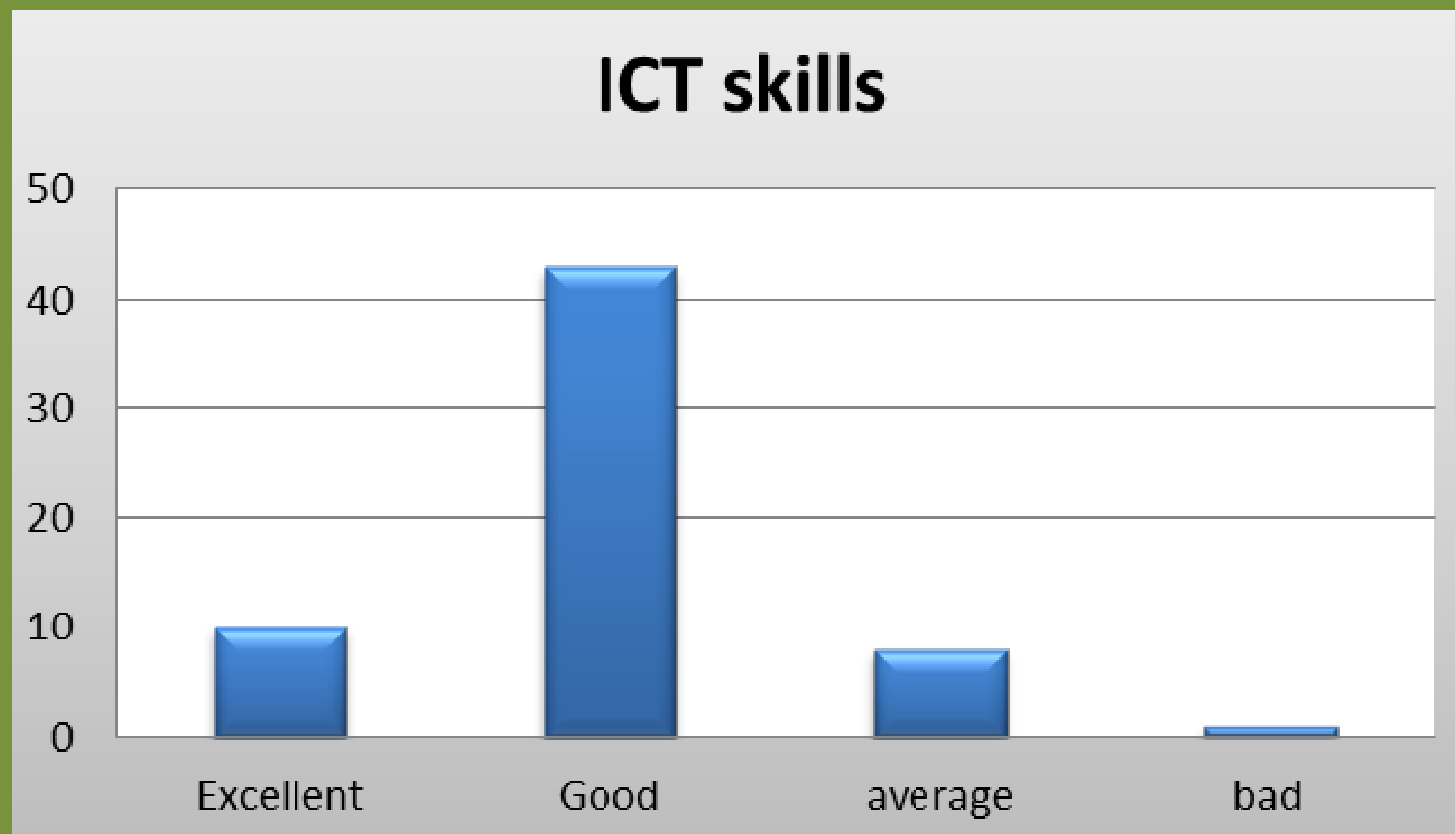

INTRODUCTION

- The aim was to know what students do with the computer and their knowledge about ICT.
- Students answered a questionnaire about ICT.
- The sample included students between twelve and fifteen years old.
- This work has been made by a specific group of students working on statistic subject.
- The emptying of the surveys was done by all together, and the information processing was done individually.

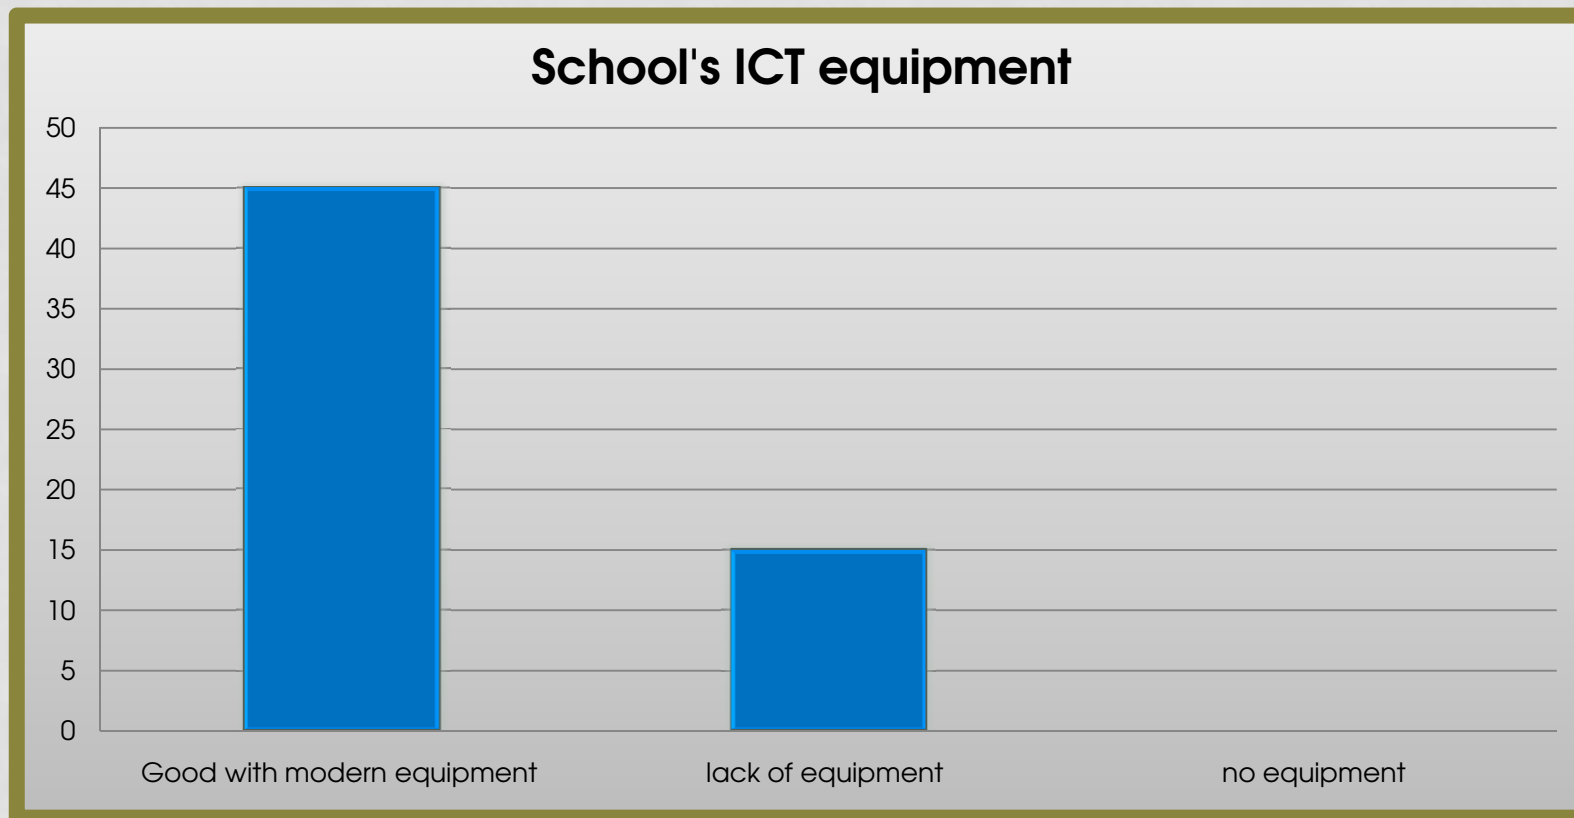

DO YOU HAVE COMPUTER AT HOME ?

YOUR ICT SKILLS ARE...

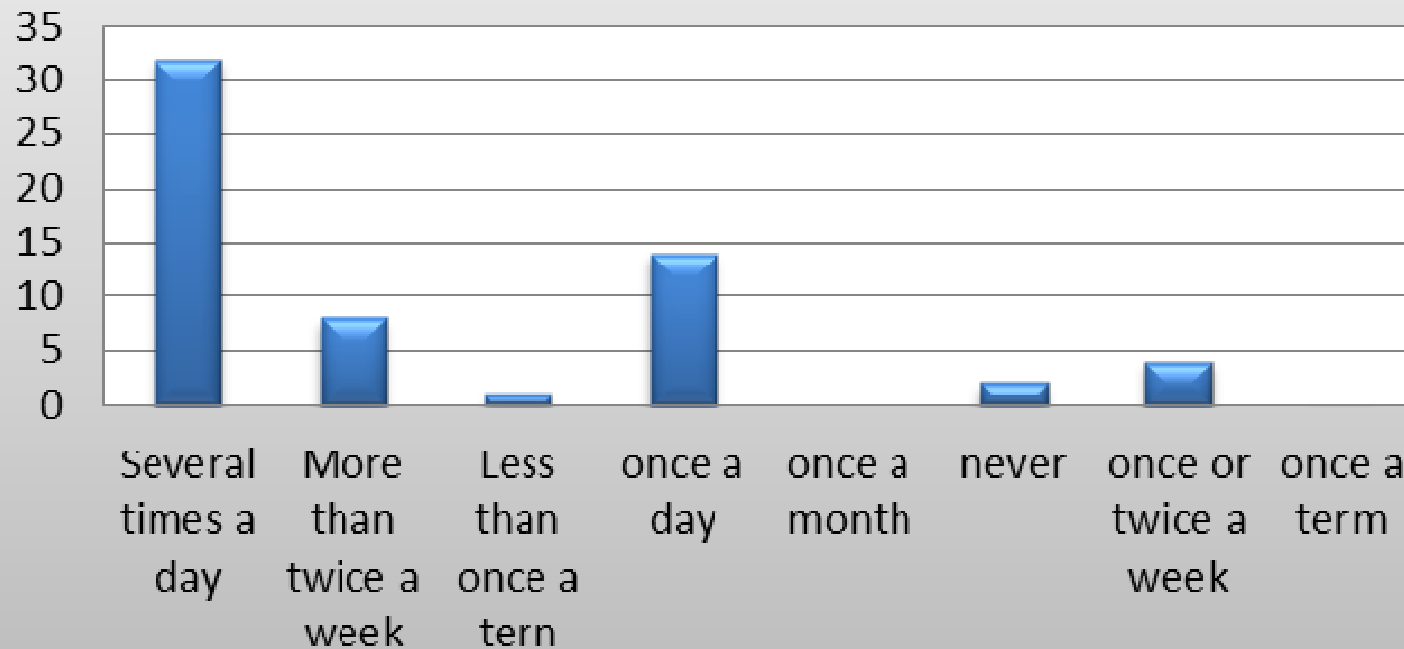

THE SCHOOL'S ICT EQUIPMENT IS...

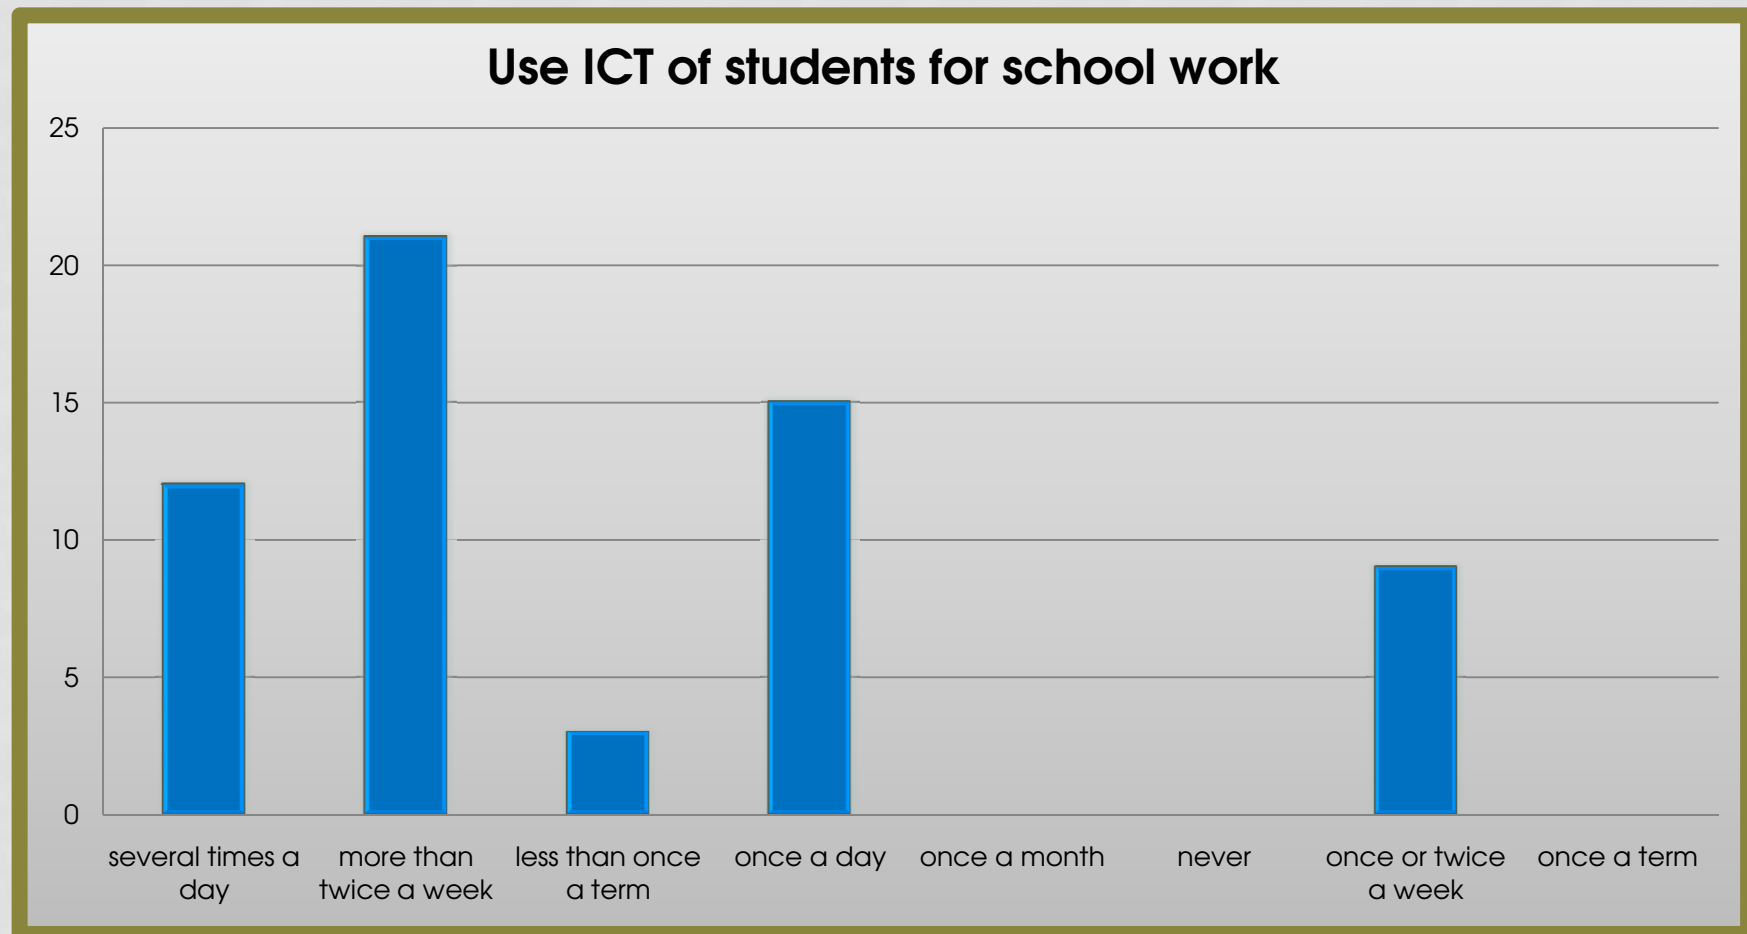

USE ICT FOR PERSONALS PURPOSE

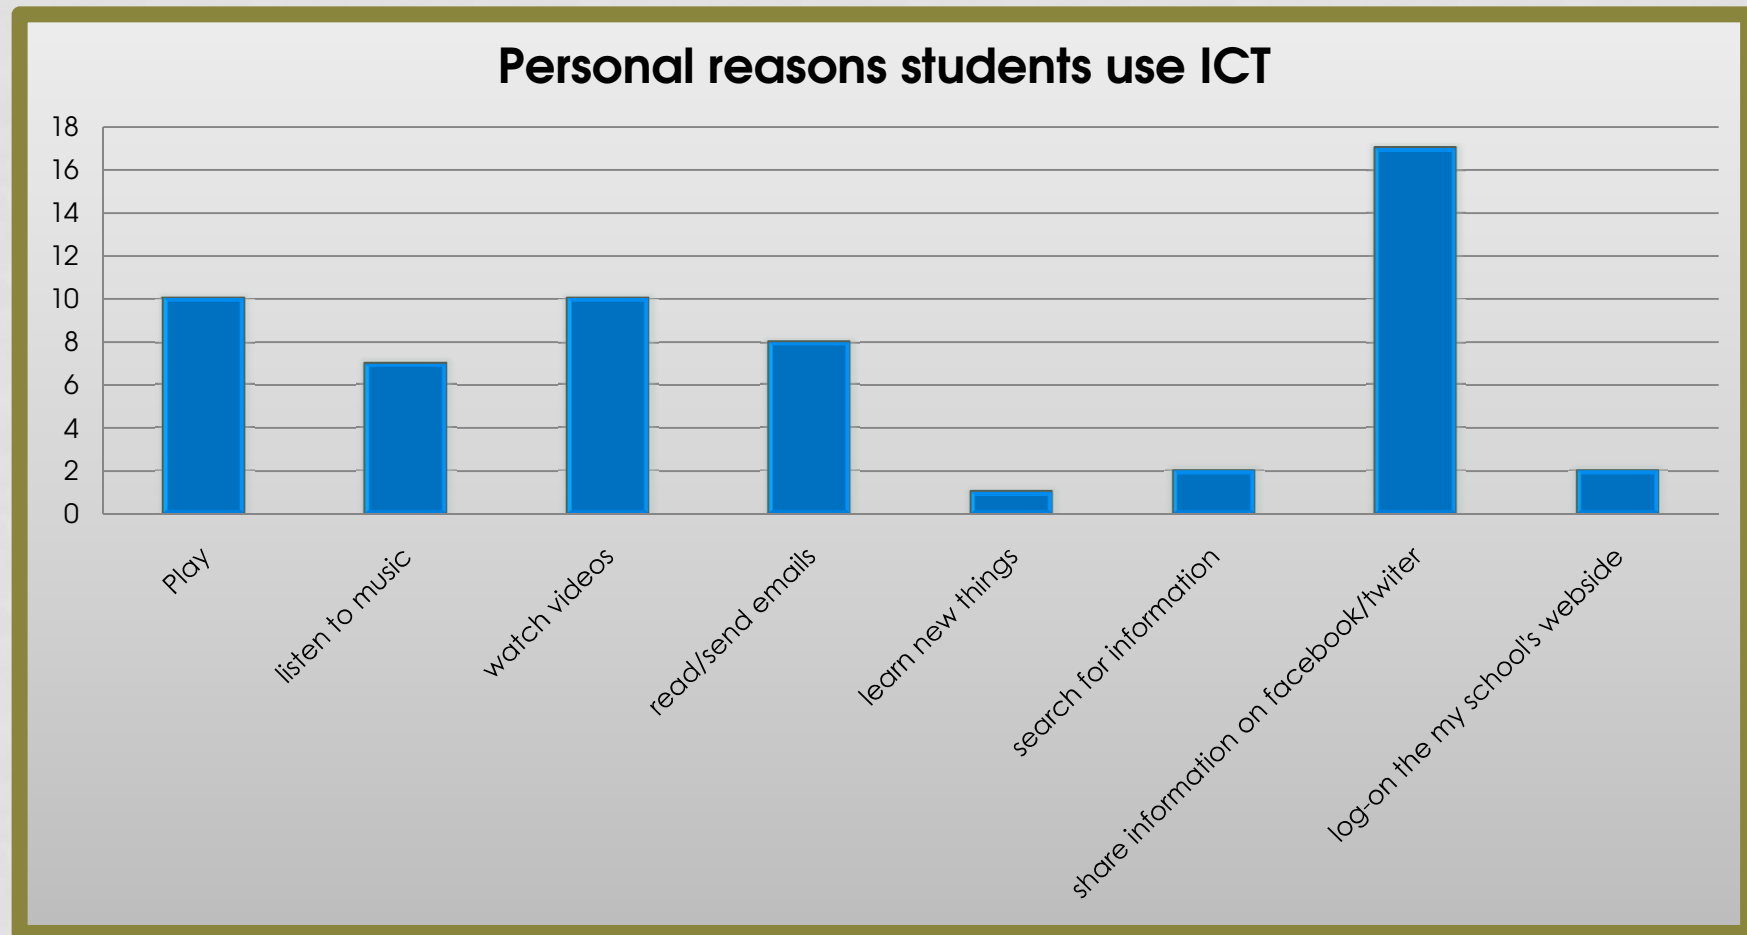

Use ICT of students at home

USE ICT FOR SCHOOL WORK

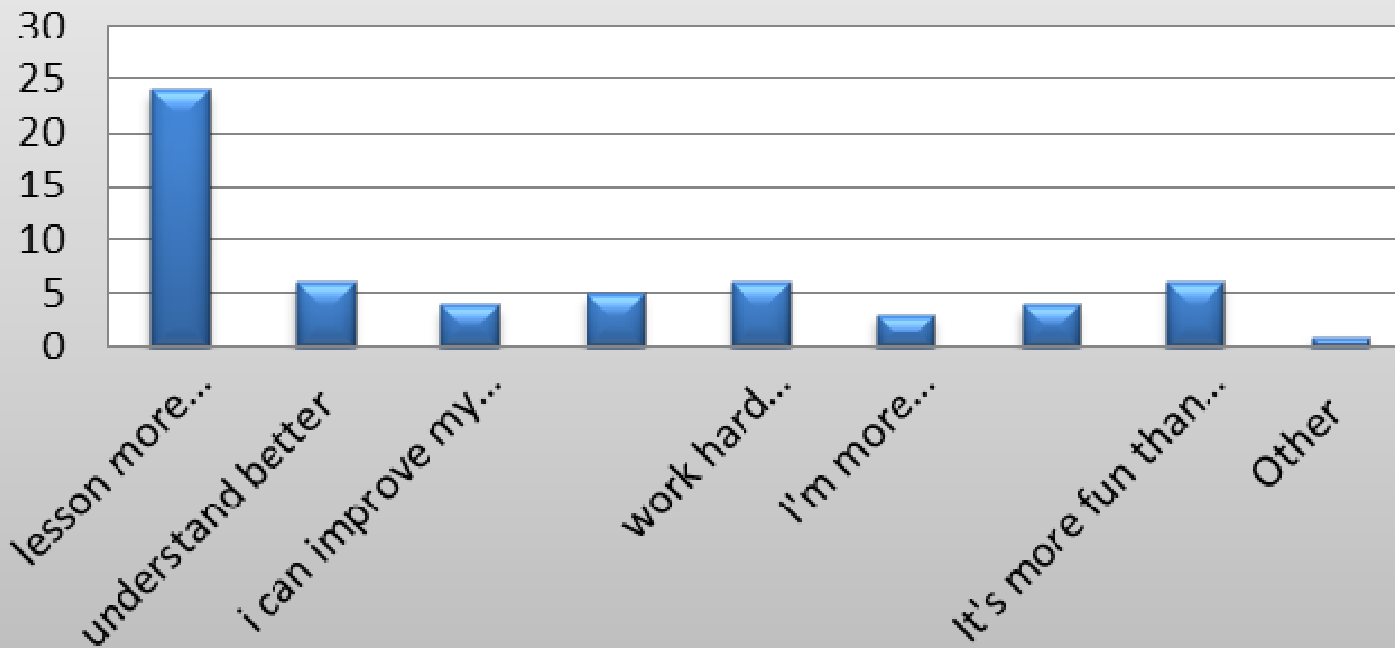

PERSONAL REASONS FOR USING ICT

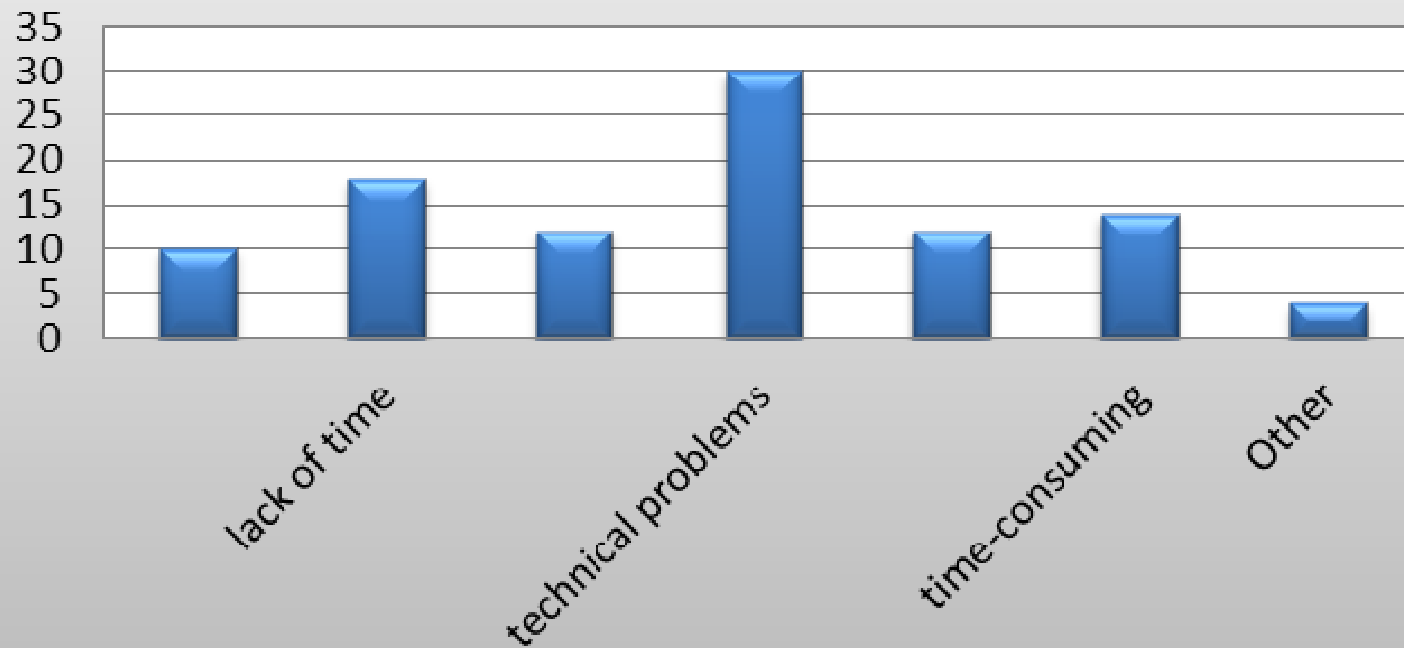

ADVANTAGES OF USING ICT IN CLASS

Advantages of using ICT in class

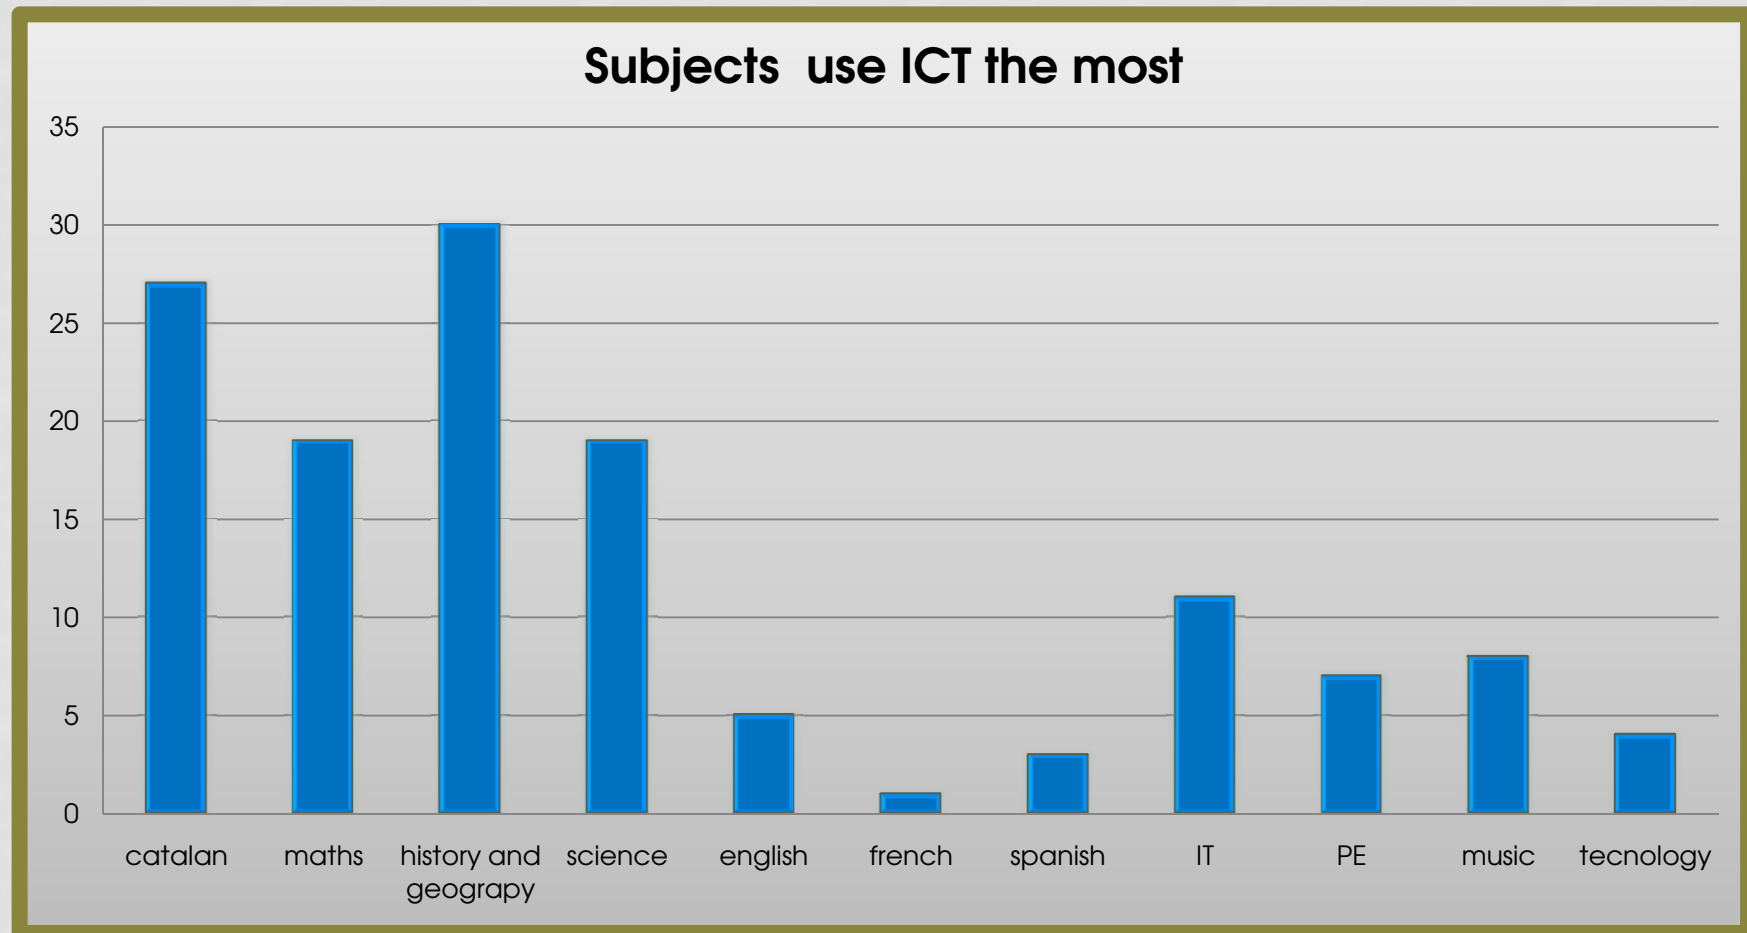

DISADVANTAGES OF USING ICT IN CLASS

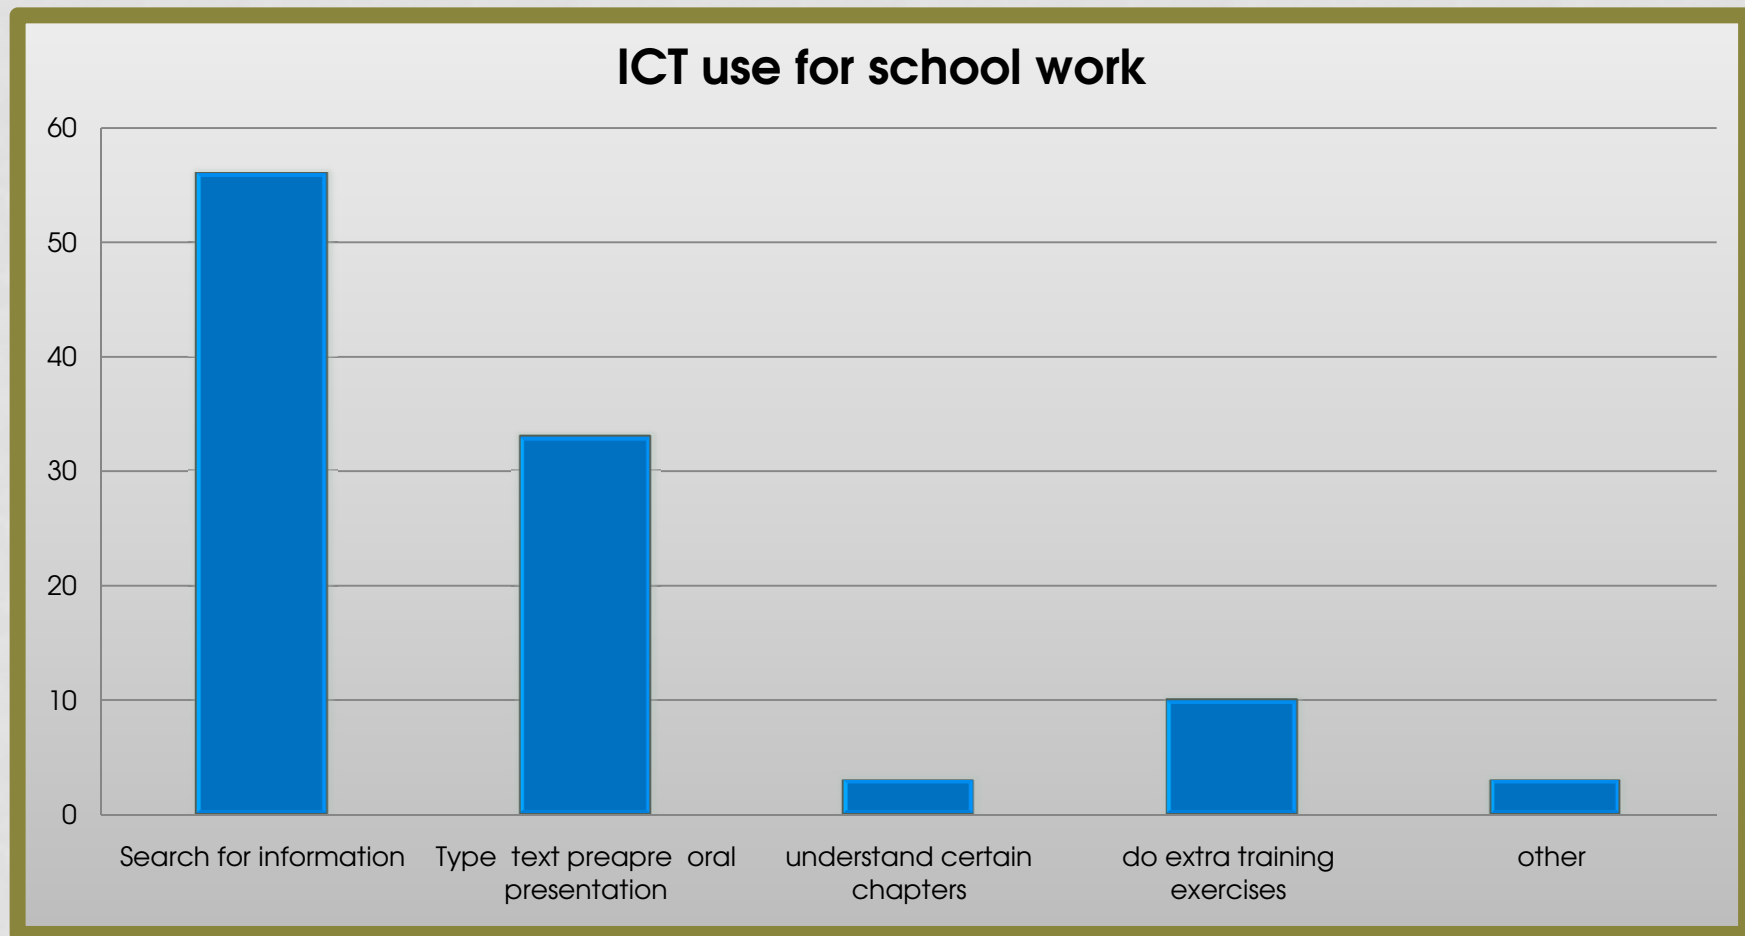

Disadvantages of ICT in class

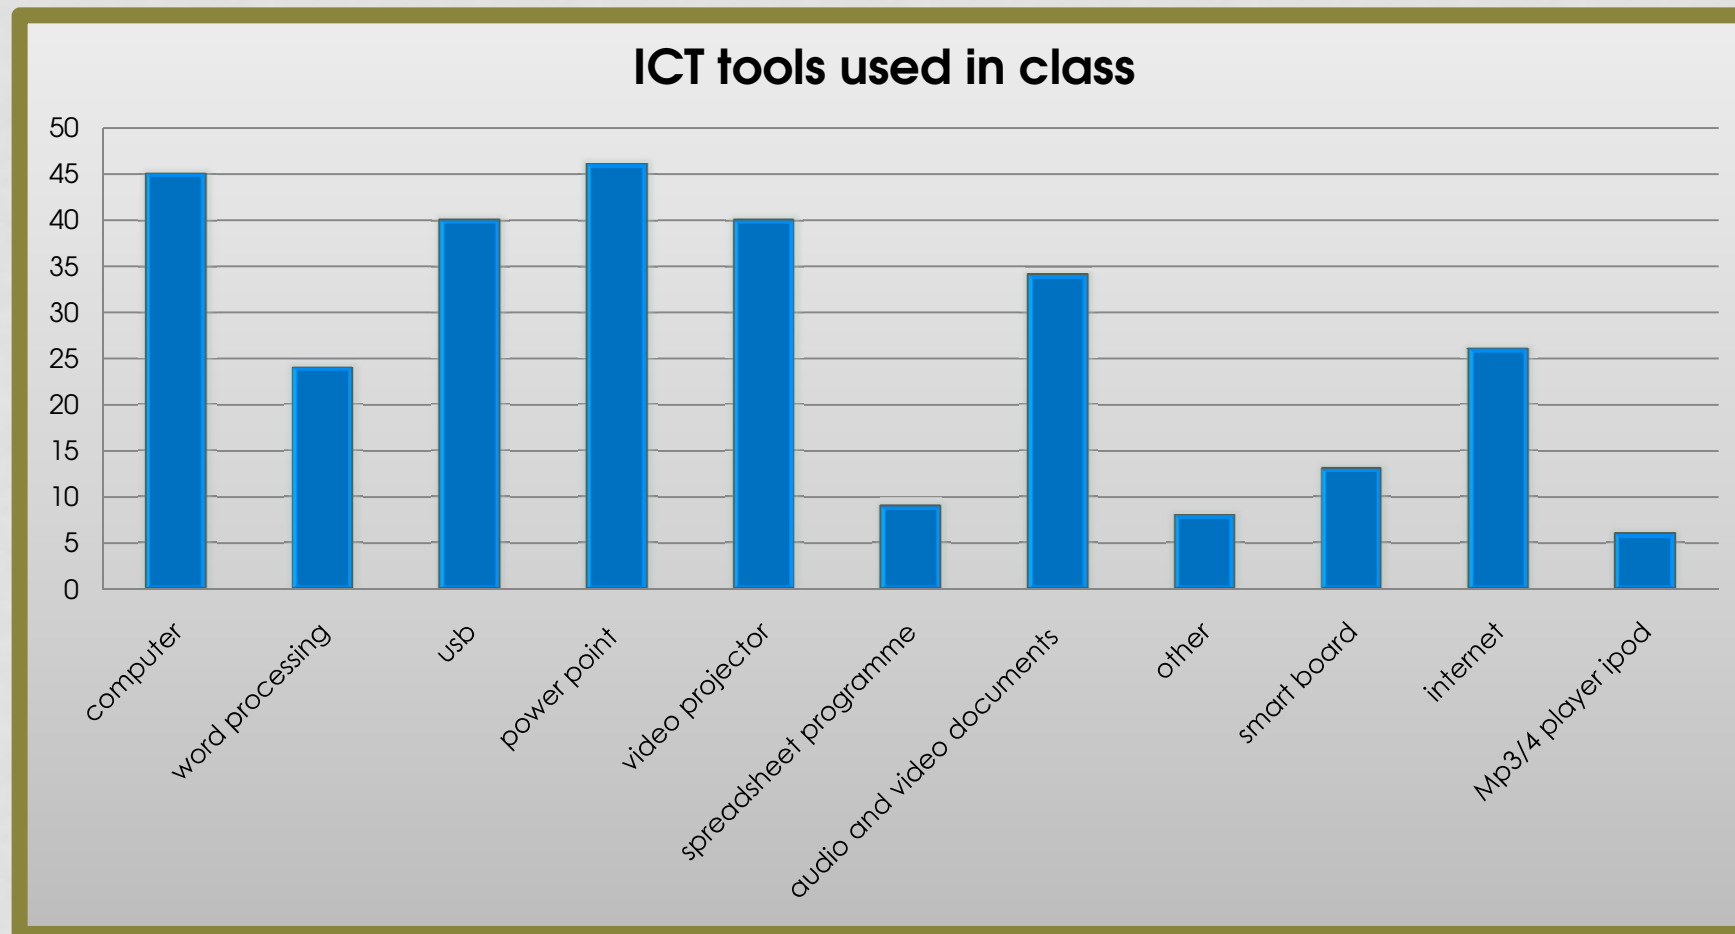

SUBJECTS IN WICH ICT ARE MORE USED

IN SCHOOL WORK ...

ICT TOOLS USED IN CLASS

GENERAL IMPACT OF ICT ON YOUR ATTENTION IN CLASS

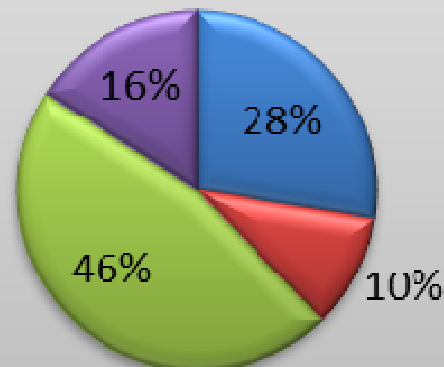

ICT impact on attention in class

■ I'm more concentrated

■ i'm less active

■ i'm more active

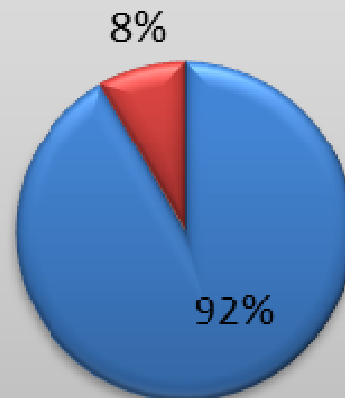

■ nothing has changed for me

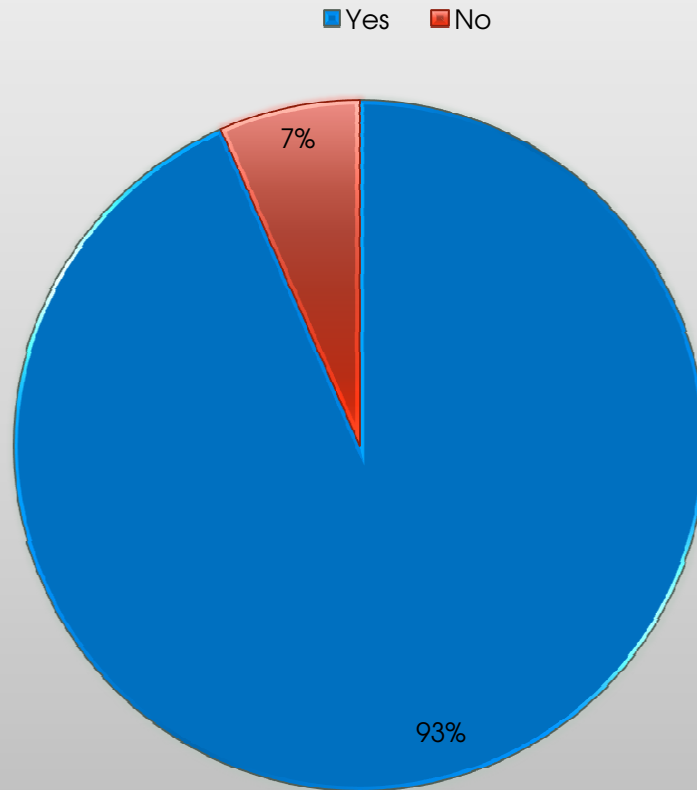

USING ICT IN CLASS IMPACT ON LEARNING

Using ICT in class impact on learning

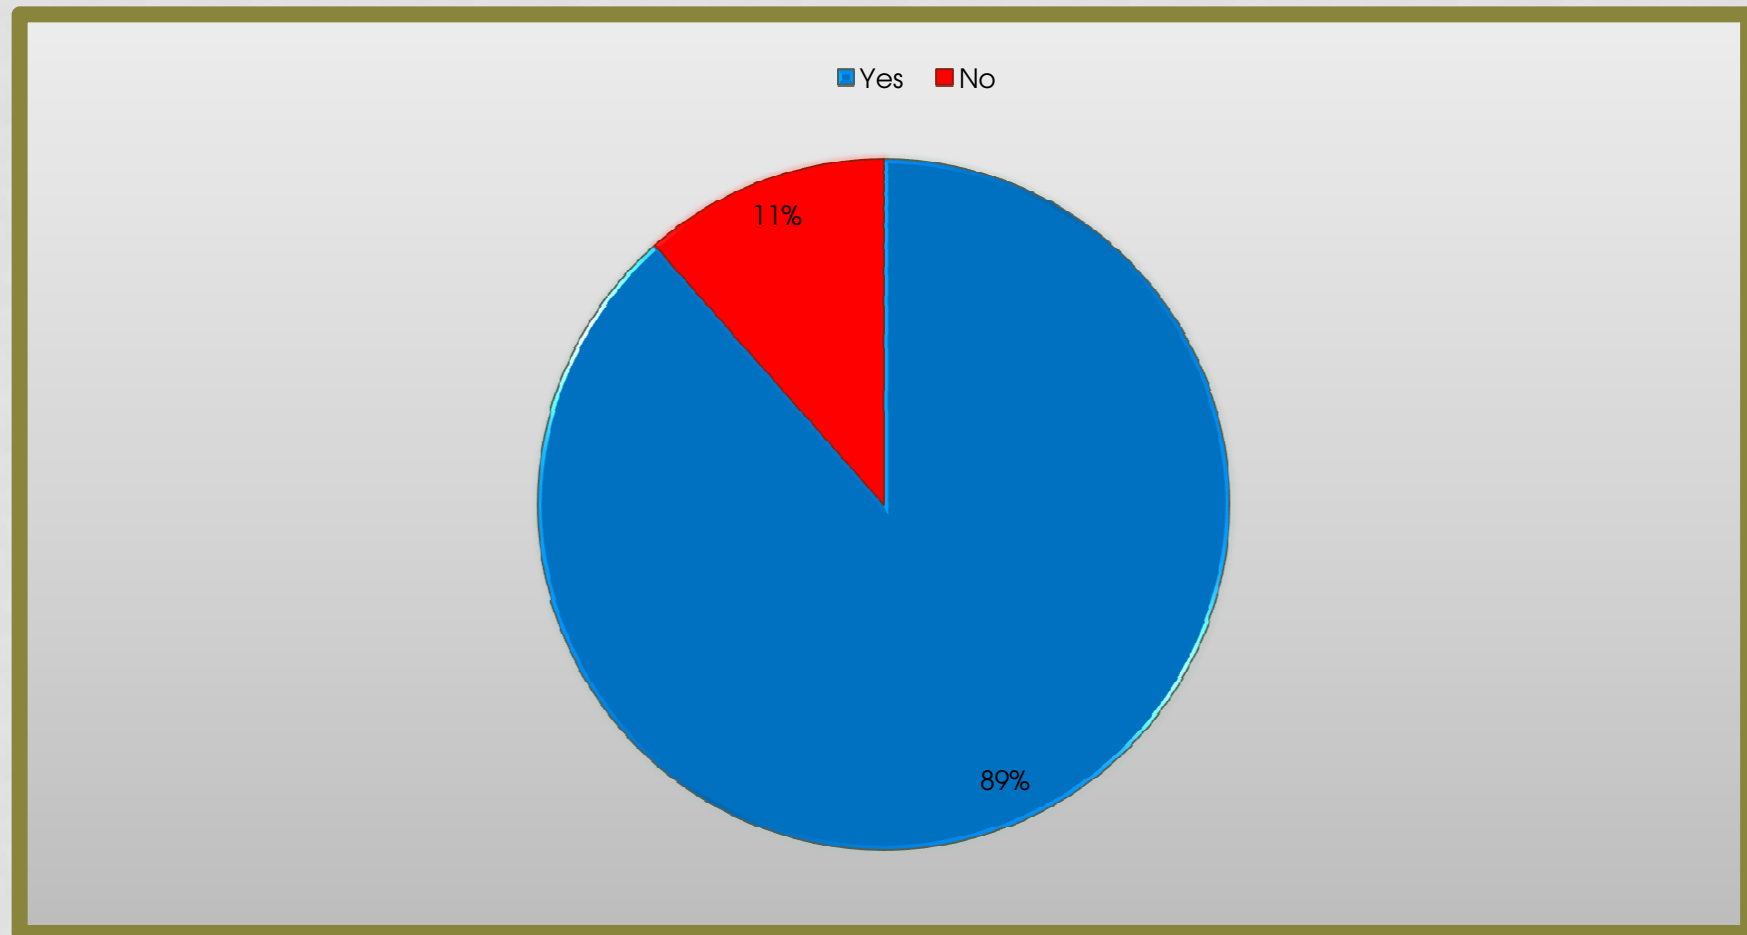

■ Has a positive impact on learning ■ Has no impacting on learning

DO I RESPECT THE RULES?

AM I WELL AWARE OF THE DANGERS ON THE INTERNET?

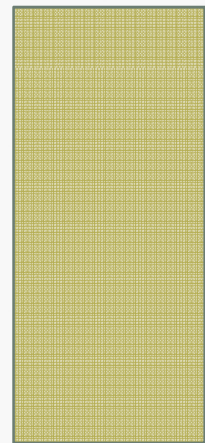

GENERAL CONCLUSIONS

- ICT has an important impact in our lives.
- All the students have computer at home and they use it very often for personal reasons (social net) and school reasons (search for information).
- Students think that their skills are good.
- They think that school equipment is good and modern, in fact they use ICT very often in class.
- Subjects:
 - catalan language (teacher good at ICT)
 - history, maths and science (digital book)
- ICT have a positive impact on learning (more active).
- Always all of them respect the rules and are aware of danger of internet.
